# Thank You to our 2017 Honoree!

## SENECA GROUP

We are pleased to honor the Seneca Group for their exceptional support of Outdoors for All through sponsorship and volunteerism.

Thank you for your dedication to transforming lives through outdoor recreation!

Dear Friends of Outdoors for All,

Thank you for your attendance tonight at our Hawaii-themed Ski Ball Gala - we're pleased that you could join us!

It's been an incredible year for Outdoors for All and the thousands of children and adults with disabilities whose lives we're dedicated to enriching through outdoor recreation. As a nonprofit, we strive to be "mission driven, yet business minded".

This focus on the mission side of our dual bottom line is one reason we had so many children and adults with disabilities active in our recreation programs: over 2,400 individuals!

Tonight, you'll hear from participant Hana Hooper who first became involved with us this year with cycling and then later rock climbing. Hana's story of rehabilitation and perseverance is remarkable.

We know that you'll be inspired by Hana's incredible achievements this year. We also know that her achievements are supported thanks to the dedication of over 700 volunteers and our intrepid staff team. Together, they make our mission possible: ***To enrich the quality of life for children and adults with disabilities through outdoor recreation.***

And, you'll help us honor tonight a remarkable company, Seneca Group, for their support for Outdoors for All. Seneca Group has scheduled numerous targeted team building volunteer days with us. They helped us completely revamp our Adaptive Cycling Center at Magnuson Park, constructed customized and mobile kayak launching racks and helped directly with countless participants in our recreation programs. Seneca Group's support has been awesome!

Volunteers and donors are crucial to Outdoors for All, helping in so many ways throughout the year to support our mission. They assist us by teaching lessons, they procure auction items, they work on task forces, committees and on our board, they repair and maintain bikes and skis (and a lot of other gear) -- and they do so much more!

Donors like you are also vital for Outdoors for All. You make donations, "raise the paddle" at the gala (don't forget those matching donations from your employer), gather teams to ski and snowboard in our annual SPREEFEST at Alpentel (coming up on Saturday, March 10, 2018) and make workplace giving directed donations through United Way, too. Now, with your further support, we hope to start our new fiscal year off right and keep growing.

So, thank you again for your attendance tonight. And of course, thank you for your support for Outdoors for All's mission. Please do come see your support in action first-hand by joining us out on the snow trails, cycling paths and water ways!

Sincerely,

Erik Swenson, Board President

# Dessert First! It's As Easy as 1, 2, 3, 4

If you are the highest bidding table, you get the prime position of choosing any dessert you want! Here's all you have to do:

1. Check out the scrumptious delicacies and assorted confections showcased at the Dessert Auction tables!
2. Gather your table-mates and place your bids on the dessert auction sheet located at your table along with the name of the person that will race to pick your desired dessert. Your combined bids will determine the order of how the desserts are chosen. The sheets are tallied and then with the highest table bid going first, each table gets to choose from the available desserts. Before the live auction begins, our table hosts will be coming around to collect the bid sheet. Minimum bid per table is \$25.

Hint 1: Bid high to ensure your table receives the dessert of your choice.

Hint 2: Be ready with your top three choices.

3. After all the dessert bid sheets are tallied, our lovely Dessert Host will come to each table starting with the highest bidder (see Hint 1). When it's your turn, you'll have only as much time as it takes the bidding table behind you to pick out theirs.
4. Desserts will be delivered to your table -- after item #16, Raise Your Paddle concludes.

# The Amazing Hana Hooper

As her dad Patrick puts it, “we’re still scratching the surface.” Hana and her family are still learning how to cope with her disability that emerged from a genetic heart disorder. Earlier this year, Hana experienced multiple strokes which caused loss of sight and mobility, among many other health problems. Though her life is completely different now, Hana hasn’t let these challenges stop her from exercising her abilities in the outdoors.

Hana found Outdoors for All through her physical therapist at Seattle Children’s Hospital. She came to try out adaptive cycling for the first time with her entourage in tow. Riding the side-by-side tandem with her mom was a great start to finding new ways to be active as a family. Rock climbing was next! For Hana, rock climbing was physical challenging but one that helped her feel strong. She said, “getting to the top of the wall made me feel empowered, like I could do anything!”

Your support will help Hana and others like her feel confidence, independence, and enrichment through the power of outdoor recreation. Thank you for transforming lives!
