Program Management and Expectations

Staff and Volunteers:

Outdoors for All staff are trained instructors in adaptive recreation and passionate about bringing the outdoor experience to everyone. We also utilize the support of trained volunteer instructors and interns during program sessions. All staff members and volunteers are trained to deliver Outdoors for All programs with an emphasis on safety, fun and learning.

Summer staff members and volunteers are provided the tools and training to coach small groups and one-on-one lessons for cycling, mountain biking, watersports, rock climbing, hiking, and other outdoor activities. To best serve the unique needs, abilities and interests of participants, staff and volunteers have access to participant health forms; better known within Outdoors for All as the Participant Information Form. Staff and volunteers are trained to utilize the information provided in the Participant Information Form to make equipment selections, set up equipment, and create weekly lesson plans tailored to each student. Staff and volunteers acknowledge the sensitive nature of each participants' form and receive training on information privacy.

Outdoors for All staff and volunteers work to support the needs of each participant within the selected activity and program. Outdoors for All staff and volunteers are not trained to support activities of daily living; such as toileting, medical needs, dressing, or behavioral needs. Please see behavior policies in the next section regarding caregiver requirements for participants who need support with activities of daily living. The Outdoors for All Foundation will not discriminate in any of our endeavors based on disability, race, religion, sexual or gender orientation or national or ethnic origin.

Behavior Policy:

Outdoors for All staff and volunteers are dedicated and trained to help all participants have a successful experience within programs, and specifically within the activities taking place during the program. If a participant requires 1:1 care in the school day, or in the execution of their activities of daily living, they will need a caregiver within the program as well. This includes medical needs, behavior concerns, wandering tendencies, as well as assistance with toileting or changing clothes, etc. If this kind of supervision is necessary, a caregiver or chaperone is **REQUIRED** to accompany the participant at no additional fee. Please note at registration if a caregiver will be attending. Within certain activities, it is not possible to have a caregiver or chaperone attend alongside the participant. If you are unsure if an Outdoors for All program is the right choice for you or your participant, please contact our office to speak to a staff member. A refund or pro-rate will not be given to participants who are asked to miss a program due to behavioral concerns.

Abuse Prevention and Reporting:

Outdoors for All does not tolerate abuse or neglect of any kind, between any association of staff, volunteers, participants, family members, or caregivers. In Washington State, abuse or neglect is defined as the physical, sexual, or emotional injury of a child (or vulnerable adult) by any person under circumstances which cause harm to the individual's health, welfare, or safety; or the negligent treatment or maltreatment of a child (or vulnerable adult) by a person responsible for or providing care to the child.
