

Paddleboard Volunteer

Summary: Outdoors for All's paddleboard program offers participants a safe, fun atmosphere to learn and practice safe paddling techniques. Each paddling event is different. The focus of some is just to have a safe and fun paddle experience and others may also work to develop paddle skills to effectively paddle a boat independently. You may instruct a participant from your own paddleboard, or you may be on the same paddle board as an individual to support their paddling. In general, our programs operate in more controlled bodies of water such as lakes or areas near the shore or a cove. The water areas should have low boat traffic, without major currents or tides, and have light winds (no whitecaps).
